

# Alwin Ray Roble

## Computer Science Student

Aspiring Software Engineer with a background in Web Development and a passion for technology. Experience in content management systems (CMS) such as WIX and WordPress. Seeking opportunities to leverage my skills and experiences to contribute to the tech industry and community.

## WORK EXPERIENCE

---

### Sunshine VBC — *Volleyball Coach*

June 2023 — Current

Dedicated Volleyball Coach with a history of coaching boys and girls ages 10-18. Committed to fostering a positive and inclusive coaching environment to inspire players' growth.

### Bel Air Law Firm P.C. — *Personal Assistant*

July 2021–March 2023

Performed office administrative duties such as gathering data, scheduling appointments, responding to emails, curating, paying, and delivering invoices to clients using Clio Manage.

### Dwight Partner N.P. — *Intern*

November 2022–January 2023

Redesigned the website layout and created more pages using HTML, CSS, and JavaScript. Adopted web solutions to add functionalities to the business and the website, such as calendar events and e-payment.

### Julia Michelle Dawson — *Intern*

June 2022–August 2022

Customized the design of Julia's Shopify theme page to allow customers to navigate much more smoothly by reducing the clutter, as well as creating pages using PageFly using custom CSS.

### Bai-Lex Electronic Appliance Repair — *Assistant*

January 2022–January 2023

Created, designed, and deployed the website using static HTML and CSS, and hosted using Netlify. Managed the business site on Google Business to get discovered by potential clients.

Assisted with home appliance repairs such as refrigerators, washing & drying machines, dishwashers, and Microwaves.

## PROJECTS

---

Volleyball Practice Plan Curator: <https://alwinray37.github.io/vball-practice/>

- Users create a practice plan from the library of drills or add their own.
